

Foreverwood

LIMPOPO PROVINCE | SOUTH AFRICA | WWW.FOREVERWOOD.CO.ZA

OUR PRODUCTS

ROOFING

Foreverwood is accredited by the Institute of Timber Construction and conducts timber construction strictly according to the specifications and requirements of the relevant SABS codes.

Foreverwood is proudly accredited by International Rooftruss Systems in the professional design and construction of high-quality roofs of superior strength and style.

Leave the complicated task of the design of your roof up to the completed product to our professional team of designers and engineers.

We sell a variety of Arkitone, Clay and Concrete roof tiles and fittings. See our website for some examples along with their assorted colours.

BEAMS

All our products are subject to the highest quality assurance. They are custom designed & manufactured to your needs. And they are all available in seligna & pine.

DECKING

We supply wooden decking & flooring throughout South Africa. Rest assured and have peace of mind that our years of experience in the timber industry, guarantees you quality products & service.

We manufacture balustrades in different motives to suit every unique wooden deck.

Installing a wooden deck adds timeless dimension to any development.

T & G Flooring | Balustrade | Skirting | Architraves | Decking

STEEL AWARDS 2010 & BUILDING CONSTRUCTION

Foreverwood and it's team is also accredited in the design, manufacture and erection of lightweight steel frame buildings by Lightweight Building Solutions. Foreverwood was involved in the Zambesi Retail Mall project during 2010 and won the coveted first prize in its class.

WINNER: LIGHT STEEL FRAME BUILDING.

FOREVERWOOD

Foreverwood has a proud heritage in the construction industry and trades on Honesty, Integrity & Hard work. We bring together a wealth of experience and knowledge in various fields and are accredited by the National Home Builders Registration Council - you can thus be sure that our constructions and buildings are of highest quality and standards!

We strive to provide and deliver quality service, great solutions that meet your specific needs and an all round feeling of professional business and satisfaction.

VISION

Our vision is to actively contribute to the upliftment of the emerging markets one province at a time.

Bringing the popular but exclusive solid seligna doors to the market at competitive prices without compromising on quality.

MISSION

To partner with successful companies who will realize the true potential of our brand and services we offer and with the same passion and drive promote and market our brand through its vast network in the emerging market.

CORE VALUES AND CULTURES

We believe in:

On time delivery | A quality product | Quality service | Needs driven intervention | Community empowerment | Loyalty to clients | Discipline

Our values are embraced in culture of:

Monitoring and managing the established and ever changing emerging markets | Commercially viable and cost effective | Best value for money | Variety of designs | Competitiveness | Extremely motivated management and staff | Being sensitive to the environment and society's needs

SOME OF THE VALUED SERVICES WE OFFER ARE:

Project management | Construction Management | Roof construction management | Management and building of community projects

DOORS

Foreverwood manufacture doors in three different sizes namely: 813 x 2035, 1200 x 2035 and 1500 x 2035

We can also manufacture doors in any other size to fit the client's needs (height & width) Doors can be supplied with or without the frame.

However our doors are pre-fitted in their frames to make installation easier for our customer.

Together with the doors come installation specifications.

Locks and pivot hinges are of outstanding quality to ensure our customer's safety.

Doors are manufactured using Seligna Timber. Doors can also be manufactured in other kinds of timber, depending on availability according to our customer's needs.
